MJ-250 Candle Lighter	(H) 178 mm (7 in) (L) 70.5 mm (2.8 in) (W) 30 mm (1.2 in) Length of Nozzle: 155 mm (6.1 in)
Body Measurements	
Weight (with butane)	244g
Fuel	Butane
Hours of nonstop burning	35 minutes

INSTRUCTIONS

TO OPERATE:

- 1) Depress safety lock (A) and while depressed pull back ignition switch (B) all the way toward the base. (C)
- 2) Release ignition switch (B) to extinguish flame and stop fuel flow.
- 3) To use LED light, depress button on top of tool

TO REFILL WITH BUTANE FUEL:

- 1) Use only a reliable grade

butane fuel to refill. Use of other than a good grade Butane Fuel may result in damage to filling valve and could clog the nozzle.

- 2) Always refill in upside down position. (Fig D)
- 3) Place butane fuel nozzle into filling valve and depress several times with a firm even pressure. Do not overfill.
- 4) Do not refill near open flame or sources of heat and/or sparks.

WARNINGS:

- Read instructions before use.
- Do not ignite or use near an open flame, heater, furnace, or combustible material.
- Do not touch the nozzle cover during use, or before sufficient time has passed for cooling.
- Always be sure the unit is cool, before storing.
- Store properly when not in use, keep in a dry place, out of the reach of children.
- Do not use continuously for more than five(5) minutes.

CAUTION: The torch flame is almost invisible in daylight, or in strong light.
