

# MICRO-THERM™ TOOL

## Model MJ-600

### SPECIFICATIONS

MICRO-THERM™ Powered by Disposable/Refillable Lighter	
Outer body meas.	H-115mm W-80mm L-25mm
Weight	95 g / with fuel cell
Fuel	IRODA RC-30 Refill cartridge, disposable lighter or similar product except child proofs
Hours of use	Approx 20 minutes per disposable lighter
Hot Air temp.	Up to 650°C

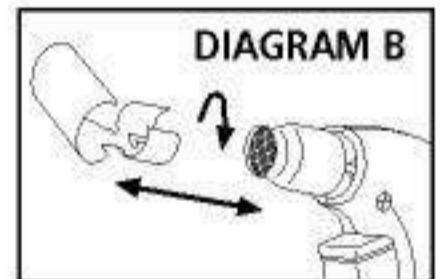

### FEATURES:

- Piezo electronic Ignition system-with safety lock.
- Power by IRODA RC-30 refill cartridge or disposable gas lighter. Inexpensive and readily available.
- Hot air temperature up to 650°C (1250°F).
- Compact size with heat deflector easy-to use source of flameless heat whether you're working with shrinkable packaging materials spot-drying paint, bending plastics/laminates or activating adhesives.
- New contoured design and trigger ignition button allow for a more comfortable grip.

### HOW TO USE THE MICRO-THERM™:

- Remove the upper body, then place the disposable gas lighter into the main body. Then, slide the two halves of the body back together. (Refer to the diagram A)
- Switch the safety lock to the unlocked position. Then, slowly press the trigger ignition button to the maximum point. Your MICRO-THERM™ is now fired up and ready to use. (Note: if the catalyst does not glow red, adjust the regulator on the disposable lighter or RC-30 fuel cell and press the trigger again.) As the gas in the lighter is consumed, the regulator will need to be adjusted periodically to ensure a proper heat.
- When the trigger is released, there will be a short delay before the hot air stream is completely stopped.
- When the MICRO-THERM™ is not in use, remove the disposable gas lighter. (Or refill cartridge)
- When shrinking tubing use deflector as shown in diagram B.

### WARNINGS:

- Read instructions before use, failure to follow instructions may result in burn injury.
- Only use IRODA RC-30 refill cartridge, disposable gas lighter or similar product.
- Do not ignite or use near an open flame, heater, furnace, or combustible material.
- Do not touch the nozzle cover during use, or before sufficient time has passed for cooling.
- Always be sure the unit is cool, and the lighter removed before storing.
- Store properly when not in use, switch the safety lock to the locked position, Keep in a dry place, out of the reach of children.
- Do not use continuously for more than five (5) minutes.
- Do not attempt to readjust or repair. The MICRO-THERM™ unit is not user serviceable.
